moment's reflection ought to convince a sensible man of the fully and danger of constantly dosing with Cathartic Medicines. The practice is pernicious and suici-dal. An experience of forty years has taught me that the constantly increasing evils of indigestion are fear-fully aggravated by the too free use of Cathartics. The American people are fast becoming a nation of dyspep-tics by their artificial modes of life. Drastic Cathartics

increase the irritability, and prostrate the strength of the digestive organs.

The Pills now offered we especially designed to allay this irritability, and at the same time to invigorate and strengthen all the functions of digestion, while they are gently laxative. They are anodyne, tonic and laxative. They are so mild and invigorating that one is not reminded by any disagreeable effects that he has taken medicine.

They are so mild and invigorating that one is not reminded by any disagreeable effects that he has taken medicine. Business Men, Students, Professional Men, Females, and all persons leading a confined or sedentary life, should try them.

The undersigned Physicians, cheerfully certify to the high professional standing of Dr. Colby of Stanstead, one of the oldest and best Physicians, and to the excellent qualities of his "Anti-Costive and Tonic Pills," which we have used in our practice, and highly approve. S.

GREATEST IMPROVEMENT OF THE AGE.

THE GOOD SAMARITAN

WOOD or COAL. Ahead of all Competition!

5468 of them manufactured last year-more than double the number of any other first class stove in one year, in the United States.

THEY contain all the improvements which are in all the first class stoves, and the advantages and improve-

ments over other stoves are in part as follows:
1st. The arrangement for broiling on the front hearth, an improvement overlooked in other first class stover It has also the same arrangement for broiling on top.

24. A therough ventilation of the Oven.

3d. Introducing hot air draught to the fire chamber, thereby increasing the draught of the Stove, quickening its operations, and enabling it to throw out more heat—a matter much and justly complained of in other Stoves. 4th. An important improvement in the application of the damper, which throws the heat around the oven. 5th. Much greater weight, consequently heavier plates, and more durable as well as handsomer castings. 6th. A draft damper at each end of the fire box, so that the fire is equalized, and one gridle will heat as quick as the other, also heating the oven in half the time.

7th. Fire back protected by soap-stone, so it cannot burn out.

In addition to the above improvements, it has all that is combined in other first class Stoves, viz —Hot water Res-ervoir, Warming Closet, Roaster in front, Baker on top, Doors lined with best Russia Iron, &c., &c. Further, this stove is warranted to do the work with as little fuel as any other stove in the market, and in a superior manner. All who want a first class Stove, bould never buy until they call and see the Goop Sararira. as they have in ev

ery instance given satisfaction.

I am the exclusive agent for the sale of this Stove in Montpelier, and sell it on trial for any reasonable length of time; so all are safe in buying.

I have also as full an assortment of Common Stores on hand as any other dealer in Washington County, and sell as low as any one in the State.

Bath, Maine, April 18th 1859.

Prof O. J. Wood & Co. Gents: The letter 1 wrote you in 1856, concerning your valuable Hair Restorative, and which you have published in this vicinity and elsewhere, has piven jise to aumerous inquiries touching the facts in the case. The inquiries are, first, is it, fact of my habitation and name, as stated in the communication; second, is it true of all therein contained; third does my hair still continue to be in good order and of natural color? To all I can and will answer invariably yes. My hair is even better than in any stage of my life for forty years past, more soft thrifty and better colored; the same is true of my whiskers, and the only cause why it is not generally true is that the substance is weshed off by frequent ablution of the face, when if care were used by wiping the face, in close connection with the whitsers, the same result will follow as the bair. I have been in the receipt of a great number of letters from all parts of New England, asking me. I'm hair still continues to be good; as there is so much fraud in the manufacture and sail of various compounds as well as this, it has no doubt been basely mittared and been used, not only without any good but to absolute injury. I have not used any of—Restorative of any secount for some months, and its my hair is as good as ever, and hundreds have eximined it with surprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact. I send you a lock of my hirt, taken off the past week. I received your favor of two quart bottles last Summer for which I am very grateful: I gave it to my frience and ther

FIRE PROOF SAFES IN THE WORLD ARE THE MARLAND PATENT.

Certificates of approval, in comparison with other aafes:
Grafton, Dec 3d. 1858.

Messrs. Sherwin and Burges, Agents for Marland's Patent Safe. I have examined the Marland's patent Safe in your store, and so far as I am able to judge of its fire proof qualities, I beleive the principle upon which it is built, the most reliable in resisting heat, of any fire proo Safe that has come under my observation, and particularly recommend it to the attention our Probe & Districts that are now supplying themselves, for the perservation of their records.

BENJ. W. DEAN, Sec. of State.

Brattleboro, Dec., 3d 1858.—This may certify that we have examined the Marlands Patent Fre Proof Safe, ex. 5 hibited to us by Mr. Anson Hardy, and that in our opinhibited to us by Mr. Anson Hardy, and that in our opin-ion, Marland's Safe would be a desirabe one to purchase for the use of the Probate Courts.

Middelebury, April 27th, 1839.—The Legislature of Ver
mont at its last session passed a law making it the duty
of County Judges to procure Fire Proof Safes, in which
to deposite Probate Records. In discharge of that duty
we have spen some time in examineing a number of Safes
we have come to the conclusion that the Marland Safe
manufactured by M. B. Bigelow & Anson Hardy of Bos

LADIES GAITER BOOTS

A little glove stirs up my heart as tides stir up the ocean, A snow-white muslin, when it fits, makes many a curious notion
All sorts of lady fixins thrill my feelings, as they'd orter,
But little female gaiter boots are death and nothing

> And just to put you on your guard I'll give you, short and brief, A small hotel experience Which filled my heart with grief: Last summer, at the Pavilion flotel. I stopped a week or more, And marked two " boot-ces" every mora Before my neighbor's door ; Two boots with patent leather tips, Two boots which seemed to say, " An angel trots around in us." They stole my heart away ; And often in my nightly dreams They swept before my face, A lady growing out of them As flowers grow from a vase. But ah! one morn I saw a sight Which struck me like a stone, Some other name was on the book Those books were not alone! A great tall pair of other boots Was standing by their side, And off they walked one afternoon And with them walked-a bride.

Ladies, comment is unnecessary ; Those Gaiter Boots came from
